7. This will display some information and tools for the selected program:
 - **View Earnings Report** - Displays a list of sales resulting from your referrals to that merchant and any commissions earned on those sales;
 - **More Information** - Links to a page the merchant has provided with further details, instructions, etc. for their affiliates;
 - **Contact Merchant** - Links to a contact form you can use to send a message to the email address we have on file for that merchant.
8. **Common Hop Link** (recommended):
 - If code is provided here, copy that and paste it into your page wherever you wish to refer buyers to the merchant's site;

- You can copy the **HTML Button Code** to paste it directly into the raw source code of a Web page
...OR...
- You can copy the **Text Link** to post a link anywhere you can't use HTML code.

9. **Product-Specific Links & Info:**

- This may display any Product Share % that would override the merchant's Common Share %, and other details about the item price;
- **Product Hop Link** - redirects to the merchant's sales page for the selected item (you *do not* need to use a product-specific link to earn the Product Share %);
- **Product Direct Link** - works like a Buy Now button you can place in your own page to let buyers place an order with the merchant directly from there.

P.S.

There are many different pages you can use your affiliate links to direct people to, noting that it will track whatever they purchase for the next 6 months, giving you that 50% Commission. Here are some of the current options:

- *Free Masterclasses (A popular option because I offer large discounts on Julie's courses for those that attend these free classes.
- Each Individual course page
- All Courses landing page to see all courses at once
- HSP Books page
- Direct page to purchase The Empowered Book
- Sensitive Empowerment Community page

In addition to directing people to Julie's courses, books, and community, affiliates can also direct people to the following free resources, noting that it will track any purchases they make within 6 months. Say, for example, you direct someone to one of these free resources using your affiliate

link, then they get inspired to purchase something after... it tracks what they purchase for 6 months!

- Sensitivity Scale Quiz
- Letter to Give Medical and Mental Health Professionals About High Sensitivity
- Letter About High Sensitivity
- HSP Podcast
- HSP Blog

Some affiliates are earning several thousand every month by recommending Julie's resources at the end of their articles, blog posts, live social media videos, and in their newsletters, etc. As you grow your audience they begin to trust your recommendations so you can grow your affiliate income as you grow your audience and their trust.

Be sure you use your affiliate link and try to hyperlink it behind the text. You can explore all these resources on Julie's website: <https://www.juliejelland.com/>

You can get images, videos, recommended text, etc to use too, [found here](#)
